## **Centralized Assessment Team (CAT) and Psychiatric Evaluation and Response Team (PERT)**

Mobile service  
(866) 830-6011

The Centralized Assessment Team (CAT) provides mobile response, including mental health evaluations/assessment, for those who are experiencing a mental health crisis, 24 hours per day/7 days per week. In response to psychiatric emergencies, staff provides crisis intervention for hospital diversions, evaluations for involuntary hospitalizations, and assistance for police, fire, and social service agencies. Assessment /consultation services are provided in Hospital Emergency Departments for patients in need of, or waiting for, inpatient services. This Bi-lingual/Bi-cultural staff works with family members to provide information, referrals, and community support services. The Psychiatric Evaluation and Response Team is a partnership with law enforcement, which includes designated police officers and mental health staff that respond to calls from officers in the field. Mental health consultations are provided for individuals in an apparent mental health crisis. The program also provides outreach and follow up services to ensure linkage to ongoing services.

### **Children's Crisis Residential Program**

980 Catalina  
Laguna Beach, CA 92651  
(714) 494-4311

With the goal of reducing at-risk behaviors, peer and family problems, out-of-home placement, and involvement in the child welfare and juvenile justice system among adolescents, the Crisis Residential Program offers a temporary, short-term, six-bed crisis stabilization home to adolescents who are in crisis. Admissions are voluntary and available on a 24/7 basis depending on bed availability. The program facilitates, educates coping strategies and promotes resiliency in diverse youth and their families. Staff involved in evaluating possible inpatient admissions or the Family Stabilization Teams identify youth who do not require hospitalization but who will benefit from additional assessment and therapeutic respite. Provider: Community Service Programs

### **Children's Support and Parenting Program (CSPP)**

1200 N. Main Street, Suite 300  
Santa Ana, CA 92701  
(714) 480-4648

The Children's Support and Parenting Program provides 12-week groups for parents and children to focus on issues common to families in crisis such as safety, communication, problem solving and effective parenting. Program addresses the needs of children with mentally ill and/or substance abusing parents. Program services include a parents' group and a concurrent age-appropriate children's/teen's group. Programs conclude with family group sessions.

---

### **Connect the Tots**

1200 N. Main Street, Suite 300  
Santa Ana, CA 92701  
(714) 480-4678

Program expands school-based services by addressing the mental health needs of children as they prepare for school. Services include individual/family screening assessment, case management, parent education and referrals.

**Drop Zone**

1200 N. Main, Suite 301  
Santa Ana, CA 92701  
(714) 480-4678  
[gsutch@ochca.com](mailto:gsutch@ochca.com)

On January 26, the Orange County Board of Supervisors approved an MOU between Orange County HCA/Behavioral Health Services and Rancho Santiago School District to develop a center for veterans at Santa Ana Community College (SACC). The 'Drop Zone' will be open to the more than 300 veterans currently registered at SACC. This program will be focused on providing prevention and early intervention services to veterans with behavioral health concerns. The goal is to provide assistance with issues that might impact their success at college and in their reintegration to the community and family life.

Space will be provided in the Veteran Services Resource Center on the SACC campus. The 'Drop Zone' will be staffed with HCA volunteers (graduates of the Pacific Clinics CTP, who are also veterans). They will be supervised on site by a HCA/BHS MFT Intern, who is also a veteran. The staff will be able to assess, and link veterans to programs or services on campus for assistance. If school resources are not available, other community, county, or VA resources can be contacted to help the veteran. In addition, we plan to develop a Vet2Vet Program (a peer led mutual support group) for veterans on campus.

**Mental Health Services Act (MHSA) Office**

600 W. Santa Ana Blvd., Suite 510  
Santa Ana, CA 92701  
(714) 667-5620

In November 2004, California voters approved Proposition 63, the Mental Health Services Act, which became effective on January 1, 2005. The funding comes from a 1% tax on California taxpayers whose taxable income exceeds one million dollars. The funds are deposited into an MHSA Fund and may not be used for any other purpose. These funds are used to provide various mental health services throughout the County. The MHSA Program has its administrative office at the below address and does not have any clinics at this address. The MHSA funded services are located throughout the County and information can be found at

## **Project Together Mentor Program**

790 Town & Country Road #E  
Orange, CA 92868  
(714) 836-0355

The Mental Health Association-Project Together Mentor Program (MHA-PT) provides mentoring services for serious emotional disturbance (SED) children and youth and serious mental ill (SMI) transitional age youth who are receiving mental health treatment services through the County of Orange Health Care Agency, Children & Youth Services (CYS) operated or contracted programs. MHA-PT incorporates mentoring best practices as defined by the California Mentor Partnership into all aspects of the mentoring programs, and mentor services are initiated by the clinician of a child's/teen's CYS or CYS contract agency. All mentors are matched based on shared cultural and linguistic needs of the children, youth and families, and the clinician determines when a child/teen or parent/guardian will benefit from a mentor. Once a match becomes mutually agreeable to all parties involved, the clinician supports the mentor-mentee relationship, meets and advises the mentor on a regular basis during the child's/teen's process of forming a trusting, nurturing and one-to-one relationship.
