Accessing the Electronic Prehospital Care Report

- 1. Authorized individual signs onto web site: www.oc-meds.org
- 2. Enter Username and Password (case sensitive).
- 3. Select Hospital Dashboard

4. Click on Full Screen to turn off the time-out feature

5. **Search for run via Search Tab**

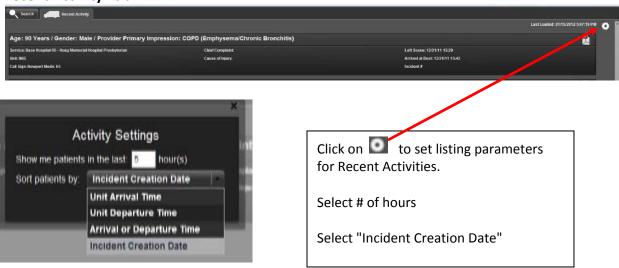

6. Clicking on the Search icon provides additional run-specific search parameters

Identifying Specific Search Parameters:

<u>To facilitate the ease of finding a specific Incident/ePCR, it is recommended searching by:</u>
Patient Last Name or Incident # or Service Name (Fire Depart) orResponding Unit

Recent Activity Tab

- 7. Once run is located, click on for the ePCR and any addendums or attachments associated with the run
- 8. Before printing /saving for your hospital medical record, ensure the transporting paramedic has completed the ePCR.
- 9. Print the ePCR and any attachments included:
