#### **HIV PLANNING COUNCIL**

Established in 1987, the HIV Planning Council (Council) assesses the service needs for persons living with HIV disease (PLWHD) in Orange County. It establishes priorities for the allocation of funds to HIV services. It also evaluates the Orange County Health Care Agency's (Grantee) ability to get service providers who can meet the identified needs of the community.

The Council is composed of up to 27 persons who are dedicated individuals from a variety of backgrounds. To meet membership requirements and be reflective of the local HIV epidemic, the Council has members who provide HIV services in the community, members who oversee funding for HIV-related services, consumers of HIV services who have first-hand knowledge of the needs of PLWHD, and other individuals who have knowledge about the HIV needs of the community.

All membership applications are reviewed and carefully considered to ensure appropriate representation of diverse individuals on the Council. New members approved by the Council are forwarded to the Orange County Board of Supervisors for appointment. In addition, the Public Health Officer appoints Affiliate members recommended by the Council. The Affiliate Program is designed to mentor interested PLWHD in becoming a Council member. Affiliates act as alternate members and vote on Council issues when PLWHD members are absent from meetings. The program helps ensure that PLWHD have a voice in addressing the needs of the community.
