	Case Closure
Purpose	To provide guidelines regarding the closure of dependency and non-dependency CFS cases.
Approved	This policy was approved by Mike Ryan, Director of CFS, on March 12, 2010. Signature on file.
Background	This revision to the Children and Family Services (CFS) Policy and Procedure (P&P) Case Assignment, Transfer and Termination—Dependency (E-0106) incorporates and renders obsolete information contained in: • Policy Development Unit (PDU) Dispatch "Case Closure/Storage" (E-0101-D)

	 Court-ordered sealing of dependency case files. (Refer to CFS P&P Case Sealing [E-0109]) Closure of a concurrent planning case (i.e., secondary assignment of a Concurrent Planning Social Worker). (Refer to CFS P&P Concurrent Planning [D-0202])
Legal Mandates	Welfare and Institutions Code (WIC) Section (§) 16501(c) authorizes counties to provide child welfare services, as needed, pursuant to an approved service plan

(i.e., Case Plan).

Definitions

Case Files: Legal File(s) and Service Folder(s) associated with a dependency/non-dependency case, the contents of which are detailed in CFS P&P Case Filing (E-0102).

POLICY

Circumstances Requiring Case Closure

An open case will be closed when ongoing CFS involvement will not be required following:

- Dismissal of a petition filed in Juvenile Court pursuant to WIC § 300, 342, or 387
- Termination of dependency proceedings
- Adoption finalization
- Termination of Voluntary Family Services (VFS)/Informal Supervision (WIC § 301) (**Note:** See CFS P&P Voluntary Family Services [VFS] and Informal Supervision [M-0106] for circumstances necessitating termination of voluntary services)
- Emancipation of the child
- A child being declared a ward pursuant to WIC § 601 or 602 (i.e., Juvenile Probation) (**Note:** This does not include a Dual Status Child under Court jurisdiction pursuant to WIC § 300 and WIC § 601 or 602)

Case Closure—Legal Guardianship

Following establishment of legal guardianship and termination of dependency, continued provision of case management and/or financial services may be required. In such instances, the case will:

• Remain open in CWS/CMS

and/or

• Be transferred to another social worker/program/County

For guidelines regarding case closure following establishment of legal guardianship, refer to:

- CFS P&P Legal Guardianship—Dependents (K-0402)
- CFS P&P Legal Guardianship—Non-Dependents (K-0404)
- CFS P&P Kin-GAP (H-0113)

Preparation for Case Closure

The following will be completed in preparation for closure of a case:

A. **Determination of Appropriateness of Case Closure:**

The assigned social worker, in consultation with his/her supervisor, will consider the following factors in determining the appropriateness of case closure:

For Dependency/Adoption Cases

- Dependency proceedings have been terminated
- All Juvenile Court hearings have been vacated
- Compliance with all outstanding Court orders

• For VFS/Informal Supervision Cases

- Program Manager (PM) approval has been obtained (for case closures prior to six months)
- Notice of Intended Action (NOA) has been provided pursuant to CFS P&P Voluntary Family Services (VFS) and Informal Supervision (M-0106) (**Note:** NOA is not required if *Waiver of 10-Day Notice Requirement [F063-25-203]* has been signed)

Note: Identify all associated sibling cases (as applicable) that also require case closure.

B. Casework:

The following casework will be completed by the assigned social worker:

1. Compliance Contacts:

Verify all required contacts have been completed and documented in CWS/CMS, pursuant to CFS P&P Case Compliance Contacts and Documentation (E-0105).

For instructions on entering case contacts into CWS/CMS, refer to CWS/CMS Data Entry Standards—Qualifying Referral/Case Contact Instructions

2. Structured Decision Making (SDM):

Verify all applicable SDM tools have been previously completed pursuant to CFS P&P Structured Decision Making (D-0311).

VFS/Informal Supervision cases require completion of the following additional SDM tools, prior to case closure:

- California Safety Assessment
- Safety Plan (only if a safety threat is identified and the child will be left in the home at the time of case closure)
- California Family Risk Reassessment for In-Home Cases

Return/Disposal of Child's Personal Property: During the life of a case, it may be necessary to store and/or safeguard a child's personal property.

In accordance with CFS P&P Children's Property (D-0306), prior to case closure, the assigned social worker will make every effort to return a child's unclaimed property.

Any property that remains unclaimed at case closure will be:

- a. Noted by the assigned social worker on the *Children and Family Services Termination (F063-25-117).*
- b. Considered for disposal (i.e., donation) if unclaimed within the timeframes specified in CFS P&P Children's Property (D-0306).

C. Filing and Documentation:

The assigned social worker will review the following to ensure all documentation regarding casework and Court-related activities (as applicable) is filed in accordance with CFS P&P Case Filing (E-0102).

1. Legal File (include the Minute Order [or Ex Parte] indicating termination of dependency proceedings).

Note: For case closures following adoption finalization, the Adoption Decree or Petition to Adopt (Minute Order) will be forwarded to the Adoptions Program.

2. Service Folder.

D. **CWS/CMS Notebooks:**

The **CWS/CMS Notebooks** will be reviewed and updated, by designated staff (per program specific protocol), in the following areas (as applicable):

- Court Management Section will reflect:
 - Termination of dependency
 - No pending Court hearings
- Client demographic information
- Placement episodes will be end-dated (**Adoption Case Exception:** Following adoption finalization, do not end the current placement episode. This will be completed by designated Adoptions staff)
 - The assigned social worker will complete a Placement Information Change (PIC) Notice pursuant to CFS P&P Placement Change Notification (K-0209)
 - The Unit Clerk will process the PIC Notice and end the placement episode pursuant to CWS/CMS Data Entry Standards—Ending Foster and Non-Foster Care Placements/Placement Episodes
- All "In Progress" Case Plans will be approved/removed
- Adoption and Foster Care Automated Reporting System (AFCARS)
 Navigation tool
 - Reviewed and signed by the assigned social worker, pursuant to CFS P&P AFCARS (E-0110)

Case closure will not be initiated unless each of the tasks specified above has been completed. Any exceptions to the items outlined in the Preparation for Case Closure policy section above must be approved by the assigned supervisor, and documented on the *Children and Family Services Termination (F063-25-117)*.

Timeframe for Case Closure

Case closure is considered complete when a case has been closed in CWS/CMS and all primary/secondary assignments have been end-dated.

Adoption Case Exception: Following case closure in CWS/CMS, primary assignment will remain with the designated Adoption Assistance Program (AAP) Caseload.

Case closure will be completed as soon as possible and no later than:

- For Dependency Cases (including Adoptions Cases)
 - 30 calendar days following termination of dependency proceedings
- For Voluntary Cases (including VFS/Informal Supervision Cases)
 - 30 calendar days from the Case Plan end date **or** 30 calendar days from the last face-to-face contact with the child (if case closure is prior to Case Plan end date)

Any delays in processing a case closure will be immediately reported by those encountering the delays, to the assigned social worker and supervisor.

Case Closure Process

The following will be completed and/or adhered to when requesting case closure.

A. Requesting Case Closure:

Once the tasks detailed in the Policy section entitled "Preparation for Case Closure" have been completed, the assigned social worker (or designee) will complete the following to request approval for case closure:

- 1. Complete the *Children and Family Services Termination* (F063-25-117) and forward, along with all associated case files, to the assigned supervisor (or designee).
- Request case closure in CWS/CMS, utilizing the End Case
 Navigation Tool. See CWS/CMS Data Entry Standards—Case
 Closures for further instruction on requesting closure of a case in
 CWS/CMS.

Adoption Case Exception: The assigned social worker will notify their supervisor that the case is ready for transfer of primary assignment, in CWS/CMS, to the **In-Box AAP Unit**. Case closure will be requested by designated Adoptions staff.

Note: Case closure due to a child being declared a ward pursuant to WIC § 601 or 602 requires case suspension in CWS/CMS. See CWS/CMS Data Entry Standards—Instructions for Suspending a Case in CWS/CMS for further information.

CWS/CMS Case Closure Summary: Staff requesting case closure in CWS/CMS will complete a Case Closure Summary, to be entered into CWS/CMS as detailed in CWS/CMS Data Entry Standards—Case Closures.

The Case Closure Summary will be written in complete, concise sentences (avoid using abbreviations) and include, as applicable:

- Date child declared a dependent or VFS worker assigned to case
- Reason for termination of dependency/case closure
- Reasons family received services (e.g., general description of disposition allegations)
- Brief history of the case, including:
 - Services/referrals offered
 - Services utilized by client(s)
 - Case Plan participation and progress
 - Date(s) of Court-ordered services (i.e., Family Maintenance, Family Reunification, Permanency Planning)
 - Date dependency proceedings were terminated (reference any Exit Orders issued)
- Description of child's safety at time of case closure
- Prognosis and concerns should future CFS involvement be necessary (for VFS/Informal Supervision cases, include the Final SDM Risk Level)

Adoption Case Exception: Due to the confidential nature of an adoption case, the Case Closure Summary will include only the date(s) of adoption finalization and termination of dependency. Additional information may be requested by submitting a Post-Adoptive Inquiry (PAI) to the Adoptions program.

B. Casework Responsibility Pending Case Closure:

Pending approval of case closure, the assigned social worker will remain responsible for all case-related responsibilities. This may include:

- Responding to phone calls from clients
- Consideration of the need to file a child abuse referral when child safety issues are identified, pursuant to SSA Administrative P&P Mandated Suspected Abuse Reporting (D 16). (**Note:** Consult assigned supervisor regarding any child safety issues identified)

C. Approving Case Closure:

To approve case closure, the assigned supervisor will review the following for accurateness and completeness, to ensure compliance with the guidelines outlined in this policy:

- Case Files
- CWS/CMS (as detailed in CWS/CMS Data Entry Standards—Case Closures
- Children and Family Services Termination (F063-25-117)

If case documentation and/or filing is incomplete, the assigned supervisor will return the case files to the assigned social worker and indicate necessary modifications to approve case closure.

Exception: If a Minute Order/Ex Parte indicating termination of dependency or an Adoption Decree/Petition to Adopt has not been received, case closure may be approved, provided:

 \bullet Termination of dependency and/or adoption finalization (as applicable) is verified in the Court Management Section of CWS/CMS

and

• The *Children and Family Services Termination (F063-25-117)* indicates missing document(s) will be obtained prior to forwarding the closed case for record retention

If case closure is approved, the assigned supervisor will:

- Provide signature approval on the *Children and Family Services Termination (F063-25-117)*
- Approve case closure in CWS/CMS, pursuant to CWS/CMS Data Entry Standards—Case Closures. (**Note:** Following case closure approval in CWS/CMS, primary/secondary assignments associated with the case are end-dated and no further information may be updated)

Adoption Case Exception: Once signature approval on the Children and Family Services Termination (F063-25-117) is obtained, the assigned supervisor (or designee) will transfer primary assignment in CWS/CMS to the **In-Box AAP Unit**, for CWS/CMS case closure by designated Adoptions staff.

Case Closure Following Adoption **Finalization**

Following adoption finalization, closure of an adoption case involves extraordinary processing, as it relates to:

- Forwarding relevant adoption documents to the Unit Clerk of the Parent Adoptions Worker, to be combined with the Adoptions Applicant case file
 - Attachment 1—Adoptions Case Closing Procedure describes the documents to be forwarded for inclusion in the Adoptions Applicant case file. (Note: All other case files not designated as Adoptions Applicant case files will be retained by the sending program until case closure is approved)
 - See CFS P&P Case Filing (E-0102) for information regarding "A" (homestudy) files and "purple" (legal worker) files maintained/organized by the Adoptions program
- Transfer of primary assignment in CWS/CMS to the In-Box AAP Unit

Regarding approval of case closure for adoptions cases:

- The Unit Clerk of the Parent Adoptions Worker will request case closure in CWS/CMS
- The Adoptions Clerical Supervisor will be responsible for approving case closure in CWS/CMS

For detailed information regarding case closure following adoption finalization, see the Procedure section below.

Sensitive/ **Highly Sensitive** Cases

Case closure of a **Sensitive/Highly Sensitive** case involves extraordinary processing and handling, as it relates to:

- Completion of the Children and Family Services Termination (F063-25-117)
- CWS/CMS data entry
- Delivery of hard files associated with the case
- Record retention

For further information regarding case closure of **Sensitive** and **Highly Sensitive** cases, refer to CFS P&P Sensitive/ Highly Sensitive Referrals and Cases (F-0107).

Following Case Closure

Record Retention Following approval of case closure, all case files will be forwarded for record retention to the appropriate storage area:

- Case files associated with a dependency case will be forwarded to the **Closed** Files Index
- Case files associated with a non-dependency case (e.g., VFS) will be forwarded to **SSA Closed Files** (**Note:** VFS/Informal Supervision cases that involved dependency proceedings will be forwarded to the **Closed Files Index** for record retention)
- Case files associated with a case identified as "Life Retention" will be forwarded to the Custodian of Records

Adoption Case Exception: Adoptions Applicant case files are retained in **Adoptions Closed Files**. All other case files not designated as Adoption Applicant case files (i.e., Legal File/Service Folder) will be forwarded to the appropriate storage area.

Any case record documentation that requires filing after a closed case is sent for record retention, will be forwarded to the appropriate storage area with an attached memo indicating the case name, child's date of birth, and CWS/CMS case number.

For specific information regarding timeframes for record retention and expungement of case record information following case closure, see CFS P&P Record Retention (E-0111).
