Divers will be in the Harbor conducting an underwater survey below the bridge on Thursday, March 13, 2014, from 2:00 PM to 4:00 PM.

We are requesting boaters refrain from operating their vessels near the bridge during this two hour period due to diver safety. If you must move your Vessel through the dive area during this time, boaters are asked to exercise care and caution near the dive area.

Floats with dive flags will be located at the affected area:

Vessels should maintain a distance of 300ft from divers-down flags

Survey staff will be present to assist the divers as they conduct their underwater survey.
