Memorandum

DATE:

August 19, 2010

TO:

Surveyors and Engineers (via OC Geomatics website)

FROM:

Raymond L. Mathe, County Surveyor

SUBJECT:

2007.00 Epoch Adjustment

The Orange County, OC Public Works - Geomatics & Land Information Systems Section has implemented the CCS83, Zone VI, 2007.00 Epoch Adjustment for the OC Landbase on December 2008.

As of August 17, 2010, the Horizontal Control Data Sheets downloaded from the Geomatics' "GeoResearch" web site (http://www.ocgeomatics.com/landrecords/) will publish both, the 1991.35 epoch and the 2007.00 epoch for all horizontal control points.

Effective January 1, 2011 new map submittals will be required to be referenced to the 2007.00 epoch. If your map is submitted prior to January 1, 2011 you may still use the 1991.35 epoch.

You may request, in writing, approval to use the 1991.35 epoch for special circumstances. Requests will be handled on an individual basis and will be approved by the County Surveyor.

If you have any further questions, please direct any Geodetic questions at (714) 834-3499 or Map Checking questions at (714) 834-3510.
